

BITAVAX

BITCOIN AVAX FINANCE

ON AVALANCHE BLOCKCHAIN

BITAVAX is the first multi-chain value token, with a double reward, a stable controlled rebase that allows an annual x5, and a variable reflection THETER TOKEN reward paid to its holders for the transactions made. BITAVAX will be the first native token of the AVALANCHE network, with a supply limited to 21M, interest halving every four years like Bitcoin, the token will be in most centralized and decentralized exchanges, with characteristics of a currency of value and a DEFI token, transforming the life of the community.
